

TECHNICAL DATA SHEET - 20.07.008

Power source	24v/230V
Connection Feature	8 Zones, maximum 5 actuators per zone (40 Actuators)
Screwless Terminal Connector	Have
Protection Class	IP 21
Insured Protection Feature	Have
Pump Module Feature	Have
Intended Use	In underfloor heating systems, the system connects room thermostats and actuators to each other and ensures communication between them, providing protection through a fuse.
