

Note: This product is compatible with the wireless thermostat code "20.07.308".

| TECHNICAL DATA SHEET - 20.07.009 | |
|--------------------------------------|--|
| Product Name | Wireless Base Station |
| Product Code | 20.07.009 |
| Power Source | 100-240VAC 50~60Hz |
| Actuator Connection Feature | Wired Connection |
| Thermostat Connection Feature | Wireless Connection - 8 RF Thermostats |
| Operating Temperature | -20°C ~ 60°C |
| Storage Temperature | -20°C ~ 70°C |
| Valid Shooting Distance | 100m |
| Color | White |
| Insured Protection Feature | Have |
| Pump Module Feature | Have |
| Protection Class | IP 21 |
| Purpose of Usage | In underfloor heating systems, it connects room thermostats and actuators, ensures communication between them, and protects the system through a fuse. |
